## Description

The RA-6500R is a LCD remote annunciator for the PFC-6000 series fire control panels. The RA-6500R communicates using a RS-485 connection to the main panel providing common indication of Alarms, Supervisory, Trouble and other system status and control functions.
The RA-6500R features a $4 \times 40$ LCD display with LED's for Power, Alarm, Supervisory, Trouble, and Silenced conditions. It can be mounted on a single gang electrical box or a four square electrical box. The annunciator is enclosed in a sheet metal enclosure and has a Potter lock securing the keypad.

## Installation

The RA-6500R is connected to the PFC-6000 series fire control panels using a four wire RS-485 connection. The connection is power limited and supervised. Up to thirty-one (31) RA-6500R LCD annunciators can be connected using Class B or Class A wiring. Class A wiring requires an optional Class A Expander.

## NOTICE

Install in accordance with installation manual, \#540xxxx.
